This decision making includes holistic: <ol style="list-style-type: none"> 1. Assessment 2. Diagnostic inquiry 3. Planning 4. Interventions/treatment 5. Evaluation of clinical care • Uses evidence-based, approved assessment tools to inform assessment

POSITION DESCRIPTION

This position description is a guide and will vary from time to time, and between services and/or units to meet changing service need

appropriate and timely care from a range of services is coordinated in a cohesive way across the care continuum; embedding integration of services.

Communicating professionally with all who are involved in the care of a client.

Contributes to creating a sustainable work environment that is fiscally responsible.

Documenting accurately and professionally and maintaining data security at all times.

Prevents, manages, and escalates matters of clinical risk appropriate.

- Contributes to the successful transition to new ways of working informed by evidence-based practice, service need, and strategic priorities set by Health New Zealand, Te Tai o Poutini West Coast and national government
- Contributes to an organisational environment that values and prioritises the input of all consumers and their families/whānau/community; ensuring that consumers and their whānau are active and informed partners in the planning and delivery of their care
- In partnership with the client and their whānau, uses assessment skills to develop: accurate, collaborative, holistic, documented care plans (including safety and transition plans) to support prevention and continuity of care
- Plans and prioritises care by collaboratively identifying health promotion and care management goals that are important to the client and their whānau
- Effectively and safely prioritises and manages care coordination and own caseload
- Within scope of practice, recommends diagnostic tests and therapies based on the client's clinical status and care management goals; explaining the rationale, preparation, nature, and anticipated effects of these tests and therapies to the client, their whānau, and other members of the care team. Documents these conversations as well as the client response to these interventions.
- Within scope of practice, identifies evidence-based therapies and appropriate referrals to other services that meet the needs of the client and their family/whānau. This is done in accordance with organisational policy and procedure.
- In partnership with the client and their whānau, identifies opportunities for linking clients to relevant Māori Health services
- Ensures the client and their whānau are provided with culturally and cognitively appropriate information about: their rights, the range of treatment options available, and the effects and risks associated with these treatment options; seeking and documenting informed consent
- In partnership with the client and their whānau, identifies educational needs to improve health literacy and empower wellness
- Provides education to clients and whānau effectively by assessing learning readiness, and evaluating existing knowledge and determinants of health that may impact on learning and utilisation of new knowledge
- Advocates on behalf of the client, whānau, and/or colleagues as appropriate
- Identifies barriers related to accessing services and client satisfaction and works with the interprofessional team to remove these
- Actively uses strategies to enhance Recovery Principles and to challenge stigma and discrimination
- Communicates, collaborates, and coordinates care with other health professionals to ensure best outcomes for clients and their whānau
- Uses nursing skills to establish and negotiate meaningful, strategic relationships with colleagues from all relevant services (internal and external Health New Zealand, Te Tai o Poutini West Coast). Relationships are formed based on mutual, client-centred goals. Works proactively to maintain these.
- Facilitates care planning in collaboration with the interprofessional team, including cross-sectorial team members; communicating and coordinating referrals to appropriate services and seeking advice from others as required

POSITION DESCRIPTION

This position description is a guide and will vary from time to time, and between services and/or units to meet changing service need

	<ul style="list-style-type: none"> • In partnership with the client, their whānau, and the interprofessional team, regularly reviews and evaluates the client’s care plan to ensure it is achieving the planned, prioritised care management goals • Demonstrates that principles of care management include maintaining continuity of plan and provider • Ensures care is coordinated in a timely manner to facilitate smooth transition of the client between services and along their care plan • Regularly attends multidisciplinary meetings across the care continuum to promote continuity of care and seamless transition between services • Identifies clients within the service who could be cared for in the community with NGO support • Demonstrates risk assessment and management skills, and practises within a restraint minimisation and safe practice framework • Modifies practice, as appropriate, to take into account the impact of wider determinants of health, including changes to health strategy and models of care • Utilises resources in a cost-effective manner • Raises any resourcing issues with line manager in time for consideration during the preparation of relevant service plans and budgeting • Ensures all documented information is entered and compliant with Health New Zealand, Te Tai o Poutini West Coast policy • Ensures all collected information is stored and access-protected in accordance with the Health Information Privacy Code (1994) • Documents in a professional, accurate, confidential, and timely manner (within 24 hours), and ensures patient/whānau involvement in decision-making is visible • Documents all information in the appropriate place (i.e. paper clinical file/electronically) to ensure effective communication and continuity of care. This includes reporting of contacts/data as required. • Maintains and updates risk assessment information as per organisational requirements • Demonstrates an ability to collaboratively prevent, escalate, and manage adverse events/crises/emergencies, including unexpected client responses and situations that may compromise the safety of the client or others • Acknowledges own limitations in complex situations and utilises appropriate resource people when necessary
