Better Health, Better Care, Every Day.

Health New Zealand | Te Whatu Ora is committed to providing high-quality healthcare for all New Zealanders. We are focused on improving access to care, delivering better health outcomes, achieving national health targets, and ensuring the long-term sustainability of our health system.

We know that great healthcare starts with great people. That's why we are committed to building a high-performing, inclusive workplace where our people are supported to grow, contribute, and make a real difference for patients, whānau, and communities across Aotearoa.

About the role

The primary purpose of the role is to:

The Community Mental Health Professional will utilise their knowledge and skills to provide safe and effective quality mental health care to service users and their family/whānau, enabling excellence in rural mental health outcomes in alignment with Te Whatu Ora, Te Tai o Poutini West Coast vision and values.

Key functions of this role include:

1. Case management
 - Undertakes all components of case management, including comprehensive assessment, risk assessment and management, recovery, and treatment planning. Uses the accepted case management framework.
 - Provides service user-centered care, that clearly involves significant others.
 - Treatment that is provided is evidenced-based.
 - Adheres to Service Provision Framework.
2. Providing triage, assessment, crisis, and treatment services appropriate to client need

- Triage referrals, ensuring priority is allocated appropriately.
- Undertakes comprehensive mental health assessment, risk assessment and risk management planning in a culturally appropriate manner.
- Completes documentation in a timely fashion and ensures this meets minimum standards.
- Undertakes brief interventions over a time-limited follow-up period.
- Ensures family/whānau involvement is incorporated where possible.
- 3. Performing (as required) statutory duties as directed by the Director of Area Mental Health Services as a Duly Authorised Officer under Section 93 of the Mental Health (Compulsory Assessment and Treatment) Act (1992), to Health New Zealand Te Tai o Poutini West Coast catchment Area
 - Works under the direction and authority of the DAMHS.
 - Meets the statutory reporting requirements related to DAO activity.
 - Acts as a resource for the family/whānau, other health professionals, and the wider community.
 - Advises, informs and educates regarding Mental Health Act processes and requirements.
 - Facilitates compulsory assessment processes when required.
 - Maintains a working relationship between Northern, Central and Southern locality-based Mental Health Services and New Zealand police.
- 4. Meeting professional requirements
 - Maintains New Zealand Registered Nurse or Allied Health Professional registration requirements and have a current Annual Practicing Certificate.
 - Maintains and extends professional skills and knowledge base through professional development activities.
 - Seeks clinical/professional supervision in accordance with Te Whatu Ora, Te Tai o Poutini West Coast policy and procedure

Most challenging duties typically undertaken, or most complex problems solved:

- Collaborative, evidence-based mental health: assessment, diagnostic inquiry, holistic care planning, and intervention(s)
- Communication and negotiation to ensure appropriate and timely care from a range of services is provided in a cohesive way across the care continuum, with a focus on achieving equity in health outcomes for Māori.
- Collaborative approach to complex case management that is inclusive and understanding of the service user, their family/whānau, other disciplines, team members, and services.
- Providing care and expertise, both in direct care delivery and in support to other staff in the management of mental health service users.
- Contributes to service development; contributing to development of pathways, protocols, and guidelines in area of practice.

Health New Zealand Te Tai o Poutini West Coast Mental Health System operates a recovery-oriented, community-based, connected, stepped care, locality model. Primary, Kaupapa Māori, NGO Community Care and Specialist Mental Health Services collaborate to ensure comprehensive cultural, clinical, psychosocial, and acute crisis response is provided to the person and their family/whānau.

This role fulfils key functions in adherence to and efficacy of the Connecting Care Model by ensuring support and other interventions are accessed in primary and community services with care complimented, supported by, or stepped up to specialist mental health services as required. Integration and ease of access is supported by a joined-up referrals management service (RMS) functioning as a single point of access/entry for the whole Mental Health System inclusive of Health New Zealand-Te Whatu Ora Specialist Mental Health Services and all contracted Mental Health Primary, Kaupapa and NGO Community Services (acknowledging other pathways also in place to access Kaupapa Māori Hauora Providers).

ORGANISATIONAL VISION & VALUES:

Our vision is for an integrated West Coast health system that is clinically sustainable and fiscally viable; a health system that wraps care around a person and helps them to stay well in their community.

All activities of the Te Whatu Ora, Te Tai o Poutini West Coast reflect the values of:

- Manaakitanga – caring for others
- Whakapapa – identity
- Integrity
- Respect
